

'Fear and fury on the farm' from The Guardian (26 November 1969)

Caption: On 26 November 1969, commenting on the demonstrations by angry French farmers, the British daily newspaper The Guardian outlines the problems facing the French agricultural industry and which explain the intransigence that the French President, Georges Pompidou, will have to show in connection with the financing of the common agricultural policy (CAP) during the Hague summit on 1 and 2 December.
