Outcome of the conciliation meeting with the European Parliament

Before examining and establishing the draft budget for the financial year 2007, the Council held its customary meeting with a delegation from the European Parliament in the framework of the Interinstitutional Agreement. The delegation was led by Mr Janusz LEWANDOWSKI, Chairman of the Committee on Budgets, and comprised:

Mr James ELLES (Rapporteur for Section III (Commission) of the 2007 budget), Louis GRECH (Rapporteur for Other Sections of the 2007 budget), Mr Reimer BÖGE, Ms Ingeborg GRÄβLE, Ms Catherine GUY-QUINT, Ms Anne JENSEN, Mr Jan MULDER, Mr Giovanni PITTELLA, Mr Paul RÜBIG, Mr Antonis SAMARAS, Mr Esko SEPPÄNEN, Mr László SURJÁN, Ms Helga TRÜPEL, Mr Kyösti VIRRANKOSKI and Mr Ralf WALTER, members of the European Parliament.

Ms Dalia GRYBAUSKAITÉ, member of the European Commission, took part in the conciliation meeting.

The conciliation meeting, which had been prepared by a trialogue on 10 July 2006 covered the general outline of the 2007 budget and the following specific items related to the Budget 2007:

– Agriculture:

The European Parliament and the Council agreed to resume examination of agricultural expenditure on the basis of the Letter of Amendment to be presented by the Commission in the autumn.

– International fisheries agreements:

The European Parliament and the Council agreed to resume discussion of this question in November on the basis of the Letter of Amendment that the Commission would be submitting in the autumn.

- Common Foreign and Security Policy (CFSP):

The European Parliament and the Council will aim at reaching an agreement on the amount of the CFSP budget for 2007 in November at the latest, under the provisions of the Inter Institutional Agreement.

Pilot Projects and Preparatory Actions :

The Council took note of the specific comments made by the European Parliament and the Commission on the Council's proposals and stated that the negotiations would continue.

– Administrative expenditure (heading 5):

The Council confirmed two declarations on "productivity gains for the years 2007-2013" including the freezing of posts following retirement and on "Recruitment in relation with the 2004 enlargement" and the

planned deletion of 500 posts for the Commission by 2010.

Establishment of the draft budget of the European Communities for the financial year 2007

(see documents 11277/06 + ADD1, 11278/06 + ADD1, ADD2)

After the meeting with the European Parliament, and on the basis of the preparatory work done by the Permanent Representatives Committee and during the conciliation meeting with the European Parliament, the Council confirmed by a qualified majority the agreement reached by the Permanent Representatives Committee on the draft general budget for 2007 and its declarations as recorded in documents 11277/06 + ADD1 and 11278/06 + ADD1 and ADD2.

The Council gives a mandate to the Presidency, assisted by the General Secretariat of the Council, to establish budget documents and forward them to the European Parliament in accordance with the planned timetable.

The draft budget will be formally adopted under "A" item by the General Affairs and External Relations Council on 17 July.

The **PDB** 2007 amounts to:

- EUR 126 824 088 852 in **commitment** appropriations;
- EUR 116 418 093 086 in **payment** appropriations.

Compared with the 2006 budget, these amounts represent a 4.6 % increase in commitment appropriations and a 3.9 % increase in payment appropriations. The budgetary procedure for 2007 will be marked by two important elements, on the one hand the new Financial Perspective for 2007-2013, and on the other hand the forthcoming accession of two countries to the EU to be confirmed. It must be noted that new headings replacing the old classification, have been set up in the financial framework 2007-2013.

The 2007 draft budget was drawn up by the Council on the basis of the EU of 27. The draft Budget at first reading amounted to:

- EUR 125 755 695 132 in commitment appropriations
- EUR 114 612 819 366 in payment appropriations.

Compared with the 2006 budget, these amounts represent a 3.68 % increase in commitment appropriations and a 2.26 % increase in payment appropriations. Compared with the PDB 2007, these amounts represent a 0.84 % decrease in commitment appropriations and a 1.55 % decrease in payment appropriations.

A summary of the outcome of proceedings is given in the table below:
