Spain's application for accession to the European Atomic Energy Community (26 July 1977)

Sir,

The Spanish Government has decided, in accordance with the provisions of Article 205 of the Treaty establishing the EAEC officially to request the opening of negotiations with the EAEC, for the inclusion of Spain in that Community as a full member.

In formally requesting in this letter the opening of negotiations with the EAEC I would like, Sir, to put on record the Spanish Government's identification with the ideals underlying the Treaties establishing the European Communities and to express our hope that these negotiations will lead us within a reasonable space of time to satisfactory results for the EAEC and for Spain.

(Complimentary close).
